

BARR CPC

NEW Vinyl strip curtain kits for walk-in & drive-in cold storage units.

“Designed for high use operation. Engineered to eliminate maintenance and downtime”

NEW VINYL STRIP CURTAIN KITS

Improve your cold storage unit's energy efficiency by installing vinyl strip curtains. Universal mounting kits include hardware and vinyl strips ready to install (strips pre-cut and punched). Available in three standard sizes: 3'x7', 5'x7', 8'x8' and 8'x10'. 8" x .008" clear strips (50% overlap).

•Easy to install on any new or used walk-in cooler/freezer room.

Superior strength, heaviest steel gauge mounting frame, uncompromising quality, solid reliability and unmatched value define the CPC Vinyl Strip Curtain.
